Synthetic resource report

FOR SOFTWARE TESTING ONLY - ALL DATA IS INVENTED

Project: Pilbara Demo; Deposit: Synthetic Deposit

Effective date: 2026-06-30; Reporting standard: JORC

Resource basis: inclusive of reserves; Cutoff: 0.2% Li2O

This fixture exercises physical page citations and resource classifications.

It is not a disclosure by Pilbara Minerals, PLS or any other company.

Mineral Resources - synthetic example

Category | Ore (Mt) | Li2O grade (%) | Contained Li2O (t)

Indicated 100.0 1.2 1200000

Inferred 50.0 0.9 450000

Resources are not Reserves. Li2O is lithium oxide, not elemental lithium.

Numbers are intentionally simple to test units, evidence and mass balance.
